

THERMAL MANAGEMENT

Thermojacket® P

Product Highlights

- Continuous high temperature protection to +760°C (+1400°F)
- Highly flexible
- Conforms to irregular shapes and contours
- Economical
- Lightweight
- Full range of sizes

Bentley-Harris® Thermojacket sleeving provides excellent long-term heat protection for hoses, wire harnesses and cables. Thermojacket is available in a variety of grades, offering industrial users the option of selecting combination of properties best suited to their specific application.

Thermojacket P sleeving is an unsaturated bulky knit constructed of high-temperature fiberglass yarn that withstands temperatures up to +760°C (+1400°F) in continuous operation. Use of this product offers an especially cost-effective application for resistance to high temperatures.

Our manufacturing sites are certified ISO 9000, QS 9000, ISO/TS 16949, or AS/EN 9100, and ISO 14001
